Application for funding of an alternative brand of bevacizumab for an individual patient

Return completed form to:

Exceptional Circumstances

Pharmac

PO Box 10-254

WELLINGTON

Phone: 0800 023 588, option 2

Email: NPPA@pharmac.govt.nz

Pharmac will consider individual funding applications for an alternative brand of bevacizumab for recurrent respiratory papillomatosis for people who it would be clinically inappropriate or difficult to transition to the newly funded brand, Vegzelma.

The duration of funding for an alternative brand of bevacizumab will, if granted, will be determined by Pharmac. This will either be:

- To allow a person to complete their funded treatment course; or
- Until it would be clinically appropriate for a person to transition to the Vegzelma brand.

Pharmac cannot ensure supply of alternative brands of bevacizumab. However, this process provides funding for approved applications, where an alternative brand can be sourced.

Please complete the 'initial' form for the first application for an alternative brand of bevacizumab, and the 'continuation' form for any subsequent applications.

Please note: this form should be completed electronically and should not be handwritten.
