

# Diltiazem CD Clinect

## Moving to monthly dispensing

### What's happening

Due to a shipping delay, we have changed how often your pharmacist can dispense your medicine.

Your pharmacist can only give you one month's supply at a time.

We made this change to make sure your medicine remains available until the next shipment arrives.

### Expiry date

Talk to your pharmacist if you have any questions about this expiry date.

### Return to all-at-once dispensing

Once supply levels return to normal, we will return dispensing to "all-at-once". So you can pick up 3 months' supply at a time.

### No extra cost

You will not have to pay more to collect your medicine monthly. If you need to pay the co-payment (usually \$5), you will pay it when you pick up your first monthly lot of diltiazem.

Pharmacies may charge for extra services such as special packaging. To confirm costs, please speak to the pharmacy.

### More information
