

# Niraparib (Zejula)

Changed from capsules to tablets

GlaxoSmithKline, the supplier, has changed Zejula from a capsule to a tablet

## Same active ingredient in the same amount

The tablet contains the same amount of active ingredient in the same amount.

It works the same way in your body.

## Medsafe has approved the tablets

Medsafe has reviewed the new formulation and found that the tablets meet New Zealand standards of safety, quality and efficacy.

## Take it the same way

You take the Zejula tablet the same way you would take the capsule.

## More information
