

Letrozole (Letrole) | Supply issue

What's happening?

Because of a supply issue, your usual brand of letrozole, Letrole, is not available.

Different brand, same medicine

Your pharmacist has given you Accord brand letrozole. It contains the same active ingredient in the same quantity as Letrole

While this medicine has not been approved for use in New Zealand, it has been approved for use in the UK.

Informed consent

Your prescriber and pharmacist have extra steps they have to follow because this medicine isn't approved, including talking to you about what this means, including getting your informed consent.
