

19 July 2021

2021/22 Invitation to Tender

Te Pātaka Whaioranga, Pharmac, is seeking feedback from medical groups, DHB hospital pharmacies and other interested parties on:

- A proposal to tender certain pharmaceuticals for principal supply;
- The implications of awarding Principal Supply Status; and
- The draft process and terms and conditions for the 2021/22 Invitation to Tender (2021/22 Tender).

Pharmac welcomes all feedback on the draft 2021/22 Tender. Feedback received by the deadline may be considered by the Tender Medical Evaluation Subcommittee of PTAC and would be considered by the Pharmac Board (or its Delegate, where applicable) prior to making a decision on this proposal.

Background

Since 1997 Pharmac has been using the strategy of tendering pharmaceuticals for sole supply of pharmaceuticals for a fixed period of time. Regular tendering has proven to be an effective way to encourage competition among suppliers of pharmaceuticals. As in the past, the community and hospital tender processes would be run in unison, however, the pharmaceutical list for community and hospital supply may be different.

We are seeking feedback on the approach outlined in the following pages, in particular on:

- The proposed tender process and timeline;
- The actual or potential clinical implications of awarding PSS to the pharmaceuticals listed in Schedule Two, including the impact of a brand change on patients and clinical staff;
- Your views on which chemicals included in Schedule Two (or associated medical conditions) might have a particular need for funding of an alternative brand, and what the criteria for funding an alternative brand should be; and
- Your views on whether any product included in Schedule Two might have more than 5% of patients needing to access an alternative brand.

ALL RESPONSES ARE DUE BY 4 PM (NEW ZEALAND TIME), MONDAY 16 AUGUST 2021

Feedback should be provided to the Tender Analysts via email at tender@pharmac.govt.nz

Feedback we receive is subject to the Official Information Act 1982 (OIA) and we will consider any request to have information withheld in accordance with our obligations under the OIA. Anyone providing feedback, whether on their own account or on behalf of an organisation, and whether in a personal or professional capacity, should be aware that the content of their feedback and their identity may need to be disclosed in response to an OIA request.

We are not able to treat any part of your feedback as confidential unless you specifically request that we do, and then only to the extent permissible under the OIA and other relevant laws and requirements. If you would like us to withhold any commercially sensitive, confidential proprietary, or personal information included in your submission, please clearly state this in your submission and identify the relevant sections of your submission that you would like it withheld. Pharmac will give due consideration to any such request.

Distribution of Consultation Documents

Although this consultation letter has been widely distributed, should you consider that a particular person, group or agency should receive this letter and/or future tender documents, please feel free to contact Pharmac or refer it on directly. All tender documents and consultations are also available from the Pharmac website at <https://pharmac.govt.nz/news-and-resources/consultations-and-decisions/>. We also invite any person or group to contact Pharmac should you wish to meet to discuss the proposals contained in this consultation letter.

Details of the proposed 2021/22 Tender

In accordance with Pharmac's objective (to secure for eligible people in need of pharmaceuticals, the best health outcomes that are reasonably achievable from pharmaceutical treatment and from within the amount of funding provided), Pharmac is consulting on a proposal to tender certain pharmaceuticals for Principal Supply Status (PSS) to community pharmacies and/or DHB hospital pharmacies.

Attached to this letter (as Schedule Two) is a list of pharmaceuticals that we are considering tendering for Principal Supply Status. Pharmaceuticals are sorted into therapeutic groups and then listed alphabetically in each group by chemical, form and strength. Each pharmaceutical has a 'C' and/or 'H' next to it to indicate whether it is proposed to be tendered for community and/or hospital supply.

In general, the proposed 2021/22 Tender process would be similar to the 2020/21 Tender in that the 2021/22 Tender would result in awarding Principal Supply Status instead of Sole Supply Status or Hospital Supply Status.

A copy of the draft 2021/22 Invitation to Tender is available on our website: <https://pharmac.govt.nz/news-and-resources/consultations-and-decisions/>, or by contacting Pharmac.

Key Aspects of Principal Supply Status:

- PSS can apply across community and/or hospital markets (as detailed in Schedule Two).
- The tender winning brand will be the only brand subsidised in the community and/or purchased by DHB hospitals (subject to any alternative brand allowance) for up to

approximately 3 years. The PSS period will conclude on 30 June 2025 for all Tenders awarded from the 2021/22 Tender.

- Other brands can continue to be marketed, sold and dispensed during the PSS period, but they would not necessarily receive a subsidy in the community.
- Any pharmaceutical that currently carries a manufacturer's surcharge in Section B (that is, the additional patient charge above that of the patient co-payment) would become fully subsidised if a tender was awarded for that pharmaceutical.

Alternative brands

- The shift to PSS that we implemented in the previous Tender enables Pharmac greater flexibility to fund alternative brands for those who may experience, or are at heightened risk of, adverse clinical outcomes as a result of a brand change.
- DHB hospitals continue to be able to purchase alternative brands up to a certain percent of volume, similar to the Discretionary Variance provisions of Hospital Supply Status.
- PSS allows Pharmac the flexibility to fund alternative brands in the community:
 - In some cases, this would be through listing (or maintaining the listing of) other brands under Special Authority criteria.
 - In others, we would manage case-by-case approvals through our exceptional circumstances framework.
 - Regardless of the mechanism used, we intend to develop and communicate clear clinical criteria for funding of alternative brands.
- Brand changes are generally well-tolerated, and we expect that the need for funding of alternative brands will vary by product and will not always be predictable. With that in mind, we are interested in receiving feedback on:
 - Which chemicals (or indications for a chemical) or patient groups might have particular need for funding of an alternative brand (and why), and
 - For those situations, whether you consider that clinical destabilisation can be objectively determined, and if so, how.
- The draft contractual terms for the 2021/22 Tender do not put a cap on the number of patients for whom Pharmac might fund an alternative brand, however the draft contractual terms include a threshold (indicated by the "ABA Limit" in Schedule Two) above which suppliers would be reimbursed for lost market share. Accordingly, we are interested to understand if you consider that there are any products that we are proposing to tender where more than 5% of patients might need access to an alternative brand.
- Note that although PSS would give Pharmac the option to fund alternative brands, continued supply of a particular alternative brand cannot always be guaranteed.

Key Dates and Timeframes for the 2021/22 Tender:

The proposed timelines for the 2021/22 Tender are as follows:

Date	Event
19 July 2021	Consultation with suppliers, medical groups and interested parties on the proposed pharmaceutical list and draft 2021/22 Tender.
11 August 2021	Final date for receipt of Alternative Commercial Proposals (ACPs) to tendering by Pharmac.
16 August 2021	Final date for all consultation to be received.
August/September 2021	Pharmac considers feedback from consultation, negotiates with suppliers over any ACP proposals it considers would meet Pharmac's Factors for Consideration, and enters into provisional contracts with suppliers where appropriate.
September 2021	Meeting of the Tender Medical Evaluation Subcommittee of PTAC to consider clinical issues in relation to the proposed Tender list.
September/October 2021	Consultation and decisions on Alternative Commercial Proposals.
Early November 2021	Issuing of the 2021/22 Tender.
16 December 2021	Invitation to Tender closes.
From end of January 2022	Announcements on 2021/22 Tender decisions will commence.

Contractual obligations for suppliers

A copy of the draft terms and conditions which would form the terms of the 2021/22 Tender contract is available on the Pharmac website: <https://pharmac.govt.nz/news-and-resources/consultations-and-decisions/>

Additional Special Terms

Intra-uterine copper devices

Additional Special Terms have been included in the draft 2021/22 Tender contract for intra-uterine copper devices (Schedule Seven). This clause requires any potential suppliers to offer education, training and support resources to patients and healthcare professionals. This clause also outlines the additional information suppliers must provide relating to their Tender Bid. The full Additional Special Terms for intra-uterine copper devices can be found in the draft 2021/22 Tender contract on the Pharmac website.

Long-acting filgrastim

Long-acting filgrastim has been included in the draft 2021/22 Tender. Pharmac would consider bids for any long-acting filgrastim product (e.g. pegfilgrastim, pegfilgrastim biosimilars, and lipegfilgrastim) for this market; all of which would be subject to the same access criteria¹. Pharmac would reserve the right to award the tender to one long-acting filgrastim product for the entire market.

¹ A decision on whether to revert to the 20% threshold was deferred in [August 2020](#). A decision on whether to maintain or amend the access criteria is expected to be made over the coming months subject to clinical advice

Unresolved Tender Bids

We intend to review any unresolved Tender Bids from the 2018/19 ITT, 2019/20 ITT and 2020/21 Tenders prior to issuing the 2021/22 Tender. The following Tender Bids remain unresolved:

2018/19 Invitation to Tender

Chemical Name	Line Item
Teriparatide	Inj 250 mcg per ml

2019/20 Invitation to Tender

Chemical Name	Line Item
Acetazolamide	Tab 250 mg
Amoxicillin clavulanate	Grans for oral liq amoxicillin 125 mg with potassium clavulanate 31.25 mg per ml
Amoxicillin clavulanate	Grans for oral liq amoxicillin 250 mg with potassium clavulanate 62.5 mg per 5 ml
Bupivacaine hydrochloride	Inj 2.5 mg per ml, 20 ml ampoule
Carbimazole	Tab 5 mg
Carmellose sodium	Eye drops 1%
Clobazam	Liq
Docetaxel	Inj 20 mg
Docetaxel	Inj 80 mg
Ephedrine	Inj 3 mg per ml, 10 ml prefilled syringe
Erlotinib hydrochloride	Tab 100 mg
Erlotinib hydrochloride	Tab 150 mg
Ethinylestradiol with levonorgestrel	Tab 30 mcg with levonorgestrel 150 mcg
Ethinylestradiol with levonorgestrel	Tab 20 mcg with levonorgestrel 100 mcg
Exemestane	Tab 25 mg
Glyceryl trinitrate	Inj 5 mg per ml, 10 ml ampoule
Ivabradine (current access)	Tab 5 mg
Ivabradine (current access)	Tab 7.5 mg
Ivabradine (widened access)	Tab 5 mg
Ivabradine (widened access)	Tab 7.5 mg

Chemical Name	Line Item
Lamivudine	Tab 300 mg
Levosimendan	Inj 2.5 mg per ml, 5 ml
Metaraminol tartrate	Inj 0.5 mg per ml, 10 ml
Metaraminol tartrate	Inj 0.5 mg per ml, 5 ml prefilled syringe
Metaraminol tartrate	Inj 0.5 mg per ml, 10 ml prefilled syringe
Morphine	Inj 20 mg per ml
Morphine	Inj 50 mg per 5 ml
Morphine	Inj 100 mg per 5 ml
Morphine	Inj 10 mg per ml, 1 ml
Morphine	Inj 15 mg per ml, 1 ml
Morphine	Inj 30 mg per ml, 1 ml ampoule
Mupirocin	Intra-nasal ointment 2%
Noradrenaline	Inj 0.06 mg per ml, 50 ml vial
Noradrenaline	Inj 0.12 mg per ml, 50 ml vial
Noradrenaline	Inj 0.1 mg per ml, 50 ml syringe
Ondansetron hydrochloride	Inj 2 mg per ml, 2 ml
Ondansetron hydrochloride	Inj 2 mg per ml, 4 ml
Piperacillin with tazobactam	Inj 4 g with tazobactam 500 mg
Rosuvastatin	Tab 5 mg
Rosuvastatin	Tab 10 mg
Rosuvastatin	Tab 20 mg
Rosuvastatin	Tab 40 mg
Talc	Dusting Powder BP
Thiamine hydrochloride	Tab 50 mg

2020/21 Invitation to Tender

Chemical Name	Line Item
Atracurium besylate	Inj 10 mg per ml, 2.5 ml
Atracurium besylate	Inj 10 mg per ml, 5 ml
Baclofen	Tab 10 mg
Brimonidine tartrate with timolol maleate	Eye drops 0.2% with timolol maleate 0.5%
Carboplatin	Inj 10 mg per ml, 45 ml
Cefalexin monohydrate	Grans for oral liq 25 mg per ml
Cefalexin monohydrate	Grans for oral liq 50 mg per ml
Chlorhexidine gluconate	Mouthwash 0.2%
Clonidine	Tab 25 mcg
Colchicine	Tab 500 mcg
Dapsone	Tab 100 mg
Dapsone	Tab 25 mg
Daptomycin	Inj 350 – 500 mg
Docusate sodium with sennosides	Tab 50 mg with sennosides 8 mg
Enoxaparin sodium	Inj 20 mg per 0.2 ml
Enoxaparin sodium	Inj 40 mg per 0.4 ml
Enoxaparin sodium	Inj 60 mg per 0.6 ml
Enoxaparin sodium	Inj 80 mg per 0.8 ml
Enoxaparin sodium	Inj 100 mg per ml, 1 ml
Enoxaparin sodium	Inj 120 mg per 0.8 ml
Enoxaparin sodium	Inj 150 mg per ml, 1 ml
Eplerenone (current access)	Tab 25 mg
Eplerenone (current access)	Tab 50 mg
Eplerenone (widened access)	Tab 25 mg
Eplerenone (widened access)	Tab 50 mg
Ethambutol hydrochloride	Tab 400 mg
Felodipine	Tab long-acting 2.5 mg
Fenofibrate	Cap/tab 48 mg
Fenofibrate	Cap/tab 145 mg
Fentanyl	Inj 10 mcg per ml, 10 ml syringe
Fentanyl	Inj 20 mcg per ml, 100 ml bag
Fentanyl	Inj 20 mcg per ml, 50 ml syringe
Flumazenil	Inj 0.1 mg per ml, 5 ml

Chemical Name	Line Item
Fluorouracil sodium	Inj 50 mg per ml, 20 ml
Fluorouracil sodium	Inj 50 mg per ml, 100 ml
Fosfomycin (current access)	Powder
Fosfomycin (widened access)	Powder
Hydroxocobalamin	Inj 1 mg per ml
Hydroxychloroquine sulphate	Tab 200 mg
Lanreotide	Inj 60 mg per 0.5 ml, 0.5 ml syringe
Lanreotide	Inj 90 mg per 0.5 ml, 0.5 ml syringe
Lanreotide	Inj 120 mg per 0.5 ml, 0.5 ml syringe
Liquid paraffin with white soft paraffin	Liquid paraffin 50% with white soft paraffin 50% ointment (pack size 100 g or less)
Liquid paraffin with white soft paraffin	Liquid paraffin 50% with white soft paraffin 50% ointment (pack size greater than 100 g)
Lisinopril	Tab 5 mg
Lisinopril	Tab 10 mg
Lisinopril	Tab 20 mg
Methotrexate	Inj 7.5 mg prefilled syringe
Methotrexate	Inj 10 mg prefilled syringe
Methotrexate	Inj 15 mg prefilled syringe
Methotrexate	Inj 20 mg prefilled syringe
Methotrexate	Inj 25 mg prefilled syringe
Methotrexate	Inj 30 mg prefilled syringe
Midodrine	Tab 2.5 mg
Midodrine	Tab 5 mg
Naloxone hydrochloride	Inj 400 mcg per ml, 1 ml
Neostigmine metisulfate	Inj 2.5 mg per ml, 1 ml
Nitrofurantoin	Tab 50 mg
Nitrofurantoin	Tab 100 mg
Noradrenaline	Inj 0.06 mg per ml, 50 ml syringe

Chemical Name	Line Item
Noradrenaline	Inj 0.1 mg per ml, 100 ml bag
Noradrenaline	Inj 0.12 mg per ml, 100 ml bag
Noradrenaline	Inj 0.16 mg per ml, 50 ml syringe
Oil in water emulsion	Crm (pack size 100 g or less)
Oil in water emulsion	Crm (pack size greater than 100 g)
Oxaliplatin	Inj 100 mg
Oxycodone hydrochloride	Inj 10 mg per ml, 1 ml
Oxycodone hydrochloride	Inj 10 mg per ml, 2 ml
Oxycodone hydrochloride	Inj 50 mg per ml
Pancreatic enzyme	Cap 150 mg
Pancreatic enzyme	Cap 300 mg
Pemetrexed	Powder for infusion, 100 mg
Pemetrexed	Powder for infusion, 500 mg
Prednisolone	Rectal Foam 10 – 20%
Ramipril	Cap/tab 1.25 mg
Ramipril	Cap/tab 2.5 mg
Ramipril	Cap/tab 5 mg
Ramipril	Cap/tab 10 mg
Sugammadex	Inj 100 mg per ml, 2 ml
Sugammadex	Inj 100 mg per ml, 5 ml
Sunitinib (current access)	Cap 12.5 mg
Sunitinib (current access)	Cap 25 mg
Sunitinib (current access)	Cap 37.5 mg
Sunitinib (current access)	Cap 50 mg
Sunitinib (widened access)	Cap 12.5 mg
Sunitinib (widened access)	Cap 25 mg
Sunitinib (widened access)	Cap 37.5 mg
Sunitinib (widened access)	Cap 50 mg
Teicoplanin	Inj 400 mg
Terlipressin	Inj 1 mg per 8.5 ml ampoule
Terlipressin	Inj 0.2 mg per ml, 5 ml
Ticagrelor	Tab 90 mg
Vecuronium	Inj 10 mg

Should any unresolved Tender Bids be declined prior to the release of the 2021/22 Tender, Pharmac would consider re-tendering those pharmaceuticals when the 2021/22 Tender is issued. Unresolved Tender Bids have not been included in the draft pharmaceutical list (Schedule Two).

Schedule Two: Possible pharmaceuticals for tender for principal supply

Order of pharmaceuticals in this Schedule

Pharmaceuticals have been listed in groups according to the therapeutic group classification system used in the Pharmaceutical Schedule. Below is a list of these groups, and the corresponding page numbers for your ease of reference. Pharmaceuticals with indications that may apply to multiple therapeutic groups will only appear in one group.

<i>Therapeutic Group</i>	<i>Page Numbers</i>
Alimentary Tract and Metabolism	11
Blood and Blood Forming Organs	11-12
Cardiovascular System	12-13
Dermatologicals	13-14
Extemporaneously Compounded Preparations	14-15
Genito-Urinary System	15
Hormone Preparations – Systemic Excluding Contraceptives	15-16
Infections – Agents for Systemic Use	16
Musculoskeletal System	16-17
Nervous System	17-19
Oncology and Immunosuppressants	20
Respiratory System and Allergies	20
Sensory Organs	20-21

Information provided for each pharmaceutical

For each pharmaceutical (as defined by chemical name, form and strength) we have provided the following information:

- the current ex-manufacturer subsidy per unit of measure as at 1 July 2021;
- the number of subsidised or partially subsidised units sold in the community in the year ending 30 June 2021;
- an estimate of the annual community market value at current subsidies (estimated by multiplying the volume of units subsidised in the year ending 30 June 2021 by the relevant listed unit subsidy as at 1 July 2021); and
- comments specifically relating to the Tender Item and/or its current listing on the Pharmaceutical Schedule.

Hauora Arotahi - Māori Health Areas of Focus

The draft 2021/22 Tender includes treatments for mental health, diabetes, heart health (high blood pressure and stroke), respiratory health, and cancer (lung and breast). These are the Māori health areas of focus as voiced by whānau Māori.

Te Pātaka Whaioranga (Pharmac) is continually working to develop and implement advances in these Hauora Arotahi, to best help achieve equitable health outcomes for Māori.

Cancer – Lung and Breast	
Chemical Name	Line Item(s)
Capecitabine	Tab 150 mcg Tab 500 mg

Loratadine	Tab 10 mg
Montelukast	Tab 4 mg Tab 5 mg Tab 10 mg

Explanation of terms, symbols and abbreviations

Most terms and abbreviations used are self-explanatory: “tab” means tablet, “cap” means capsule, “liq” means liquid, “inj” means injection, “suppos” means suppository, “grans” mean granules and “OP” means original pack to be dispensed.

The following table explains the symbols used in the draft pharmaceutical list:

Symbol	Explanation
Underlined	Pharmaceutical line items where a sole supply or principal supply contract is in force are underlined. The price and subsidy for these pharmaceuticals are fixed until 30 June 2022 unless otherwise stated in the Comments column and a listing of a new brand could only occur after that date.
C	To be tendered for Principal Supply Status (community pharmaceuticals).
H	To be tendered for Principal Supply Status (DHB hospital pharmaceuticals).
PCT	A reference in the Invitation to Tender that denotes the pharmaceuticals for which DHB hospitals may claim a subsidy through Section B of the Pharmaceutical Schedule.
+	Pharmac has been advised of the possible existence of a patent.
*	There is no fully funded product available for this line item (in relation to community supply).
@	Additional Stock Pharmaceuticals (ASP) means a Pharmaceutical, marked with an “@”, for which the supplier of the successful Tender Bid would be required to hold additional stock.
#	A rebate currently exists.

SCHEDULE TWO: PRODUCTS TO BE TENDERED (draft, by therapeutic group)

Alimentary Tract and Metabolism

Chemical Name Line Item	Units	Cost	Unit Subsidy	ABA Limit	Comments
Ascorbic acid					
<u>Tab 100 mg</u>	5,318,248	\$105,301	\$0.0198	C H 5%	
Budesonide					
Cap 3 mg Controlled Release	355,058	\$656,857	\$1.8500	C H 5%	Current restrictions would apply
Calcitriol					
<u>Cap 0.25 mcg</u>	1,315,967	\$104,619	\$0.0795	C H 5%	
<u>Cap 0.5 mcg</u>	573,877	\$78,908	\$0.1375	C H 5%	
Citric acid with magnesium oxide and sodium picosulfate					
Powder for oral soln 12 g with magnesium oxide 3.5 g and sodium picosulfate 10 mg per sachet				H 5%	
Ferrous Sulphate					
Oral liq 30 mg (6 mg elemental) per ml	7,366,935	\$177,985	\$0.0242	C H 5%	There may be a preference for a child-resistant cap and a preference for a pack size of 500 ml or less.
Glycopyrronium bromide					
Inj 0.2 mg per ml, 1 ml	35,631	\$233,205	\$6.5450	C H 5%	
Lactulose					
<u>Oral liq 10 g per 15 ml</u>	194,957,294	\$1,298,416	\$0.0067	C H 5%	Preference for a pack size of 500 ml or similar.
Loperamide hydrochloride					
<u>Cap 2 mg</u>	10,090,445	\$157,663	\$0.0156	C H 5%	Pharmac reserves the right to award two separate tenders for capsules and tablets.
Tab 2 mg	2,339,878	\$62,884	\$0.0269	C H 5%	Pharmac reserves the right to award two separate tenders for capsules and tablets.
Macrogol 3350 with potassium chloride, sodium bicarbonate, sodium chloride and sodium sulphate					
Powder for oral soln 59 g with potassium chloride 0.7425 g, sodium bicarbonate 1.685 g, sodium chloride 1.465 g and sodium sulphate 5.685 g per sachet				H 5%	
Multivitamins					
<u>Tab (BPC cap strength)</u>	16,478,258	\$188,676	\$0.0115	C H 5%	
Omeprazole					
<u>Inj 40 mg ampoule with diluent</u>				H 5%	
<u>Inj 40 mg with diluent</u>	4,071	\$27,665	\$6.7960	C H 5%	
Pantoprazole					
<u>Tab EC 20 mg</u>	12,628,293	\$255,092	\$0.0202	C H 5%	Preference for a pack size of 30 or 90 tablets in a bottle pack.
<u>Tab EC 40 mg</u>	11,755,702	\$335,038	\$0.0285	C H 5%	Preference for a pack size of 30 or 90 tablets in a bottle pack.
Sodium citrate with sodium lauryl sulphoacetate					
<u>Enema 90 mg with sodium lauryl sulphoacetate 9 mg per ml, 5 ml</u>	481,017	\$288,418	\$0.5996	C H 5%	Preference for a pack size of 50 enemas or less.
Sulfasalazine					
<u>Tab EC 500 mg</u>	6,219,595	\$965,903	\$0.1553	C H 5%	
Zinc sulphate					
<u>Cap 50 mg elemental</u>	1,394,155	\$153,357	\$0.1100	C H 5%	

Blood and Blood Forming Organs

Chemical Name Line Item	Units	Cost	Unit Subsidy	ABA Limit	Comments
Clopidogrel					
<u>Tab 75 mg</u>	13,174,867	\$721,456	\$0.0548	C H 5%	Preference for a pack size of 30 or 90 tablets in a bottle pack.

SCHEDULE TWO: PRODUCTS TO BE TENDERED (draft, by therapeutic group)

Blood and Blood Forming Organs

Chemical Name Line Item	Units	Cost	Unit Subsidy	ABA Limit	Comments
Compound electrolytes					
<u>Powder for soln for oral use</u>	1,346,619	\$263,129	\$0.1954	C H 5%	Units and unit subsidy expressed as 'per sachet'. There may be a preference for products to include a measuring device or to come in unit dose sachets. Preference for pack sizes of 10 - 20 sachet packs.
Long-acting filgrastim					
Inj 6 mg per 0.6 ml	12,083	\$13,049,640	\$1,080.0000	C H 5%	Special Authority restrictions may apply. Pharmac reserves the right to award a tender to one long-acting filgrastim product for the whole market, please refer to the consultation documentation. Units and cost shown are for pegfilgrastim.
Prasugrel					
Tab 10 mg	5,622	\$24,094	\$4.2857	C H 5%	Not currently listed in the Pharmaceutical Schedule. Special Authority restrictions may apply. Units shown are for a product delisted 1 February 2021.
Tab 5 mg	1,304	\$5,030	\$3.8571	C H 5%	Not currently listed in the Pharmaceutical Schedule. Special Authority restrictions may apply. Units shown are for a product delisted 1 February 2021.
Sodium chloride					
<u>Inj 0.9%, 5 ml</u>	106,913	\$14,968	\$0.1400	C H 5%	There may be a preference for plastic ampoules.
<u>Inj 0.9%, 10 ml</u>	600,519	\$64,856	\$0.1080	C H 5%	There may be a preference for plastic ampoules.
<u>Inj 0.9%, 20 ml</u>	165,274	\$41,319	\$0.2500	C H 5%	There may be a preference for plastic ampoules.
