

Registering as a PHARMConnect user

- Click on the **link below** and select **Register**
<https://connect.pharmac.govt.nz/portal>

- The first part of your registration process is to select what type of applicant you are. For the *Applicant Type* select **Consumer** if you are a member of the general public or select **Clinician** if you are a registered medical practitioner or clinician.

- A **New Contact Form** will appear. Please complete the form and create a password. Be aware that there are some required fields (as indicated by an *asterix).

Note: The **email address** you register with can only be used once and relate to one registered user.

- Click **Sign-up**.
- To ensure the security of your PHARMConnect account, we need to verify your identity. Once you click **Sign-up**, an email will be sent to the email address you entered in the New Contact Form. This email will contain a verification code that you will be prompted to enter before registration is complete.

Enter your verification code

A verification code was sent via email to [redacted]@pharmac.govt.nz. When you receive the code, enter it below.

[Next](#)

- Enter the code and click **Next**.
- You will receive a welcome to PHARMConnect email that contains links to useful information on how medicines are funded as well as a link to the PHARMConnect system. You are now registered on the PHARMConnect system.

- Once you click on the PHARMConnect link, the home page will open, and you will be able to create an application.
